Rodeo Reunion Shannon Taylor Vannatter 2015-06-01 RAQUEL MARRIS NEEDS A MAN WHO'LL STAY PUT And Slade Walker's not a likely candidate. Even if the former major league pitcher just agreed to coach her son's little league team. The single mom can't risk everything on a bronc-riding chaplain who's only passing through Raquel's small Texas town. Slade is taking a hiatus from the rodeo circuit to meet the sister he never knew he had. But the pretty widowed nurse next door is making him think twice about hitting the road again. He can't turn his back on the cowboys who need him, but Raquel and her boy need him, too. Can Slade fulfill his calling and finally find a place to hang his hat?

Handbook of LGBT-Affirmative Couple and Family Therapy Jerry J. Bigner 2012-05-04 The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature. Spanning 30 chapters, they discuss the diverse and complex issues involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients, couples, and families need to know, and is only the second of its kind in the history of the field. The clinical issues discussed include • raising LGBT children • coming out • elderly LGBT issues • sex therapy • ethical and training issues Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy.

The Unlikely Art of Parental Pressure Dr. Christopher Thurber 2021-07-20 The Right Kind of Parental Pressure Puts Kids on a Path to Success. The Wrong Kind Can Be Disastrous. Level up your parenting with this positive approach to pushing your child to be their best self. Parents instinctively push their kids to succeed. Yet well-meaning parents can put soul-crushing pressure on kids, leading to under-performance and serious mental health problems instead of social, emotional, and academic success. So where are they going astray? According to Drs. Chris Thurber and Hendrie Weisinger, it all comes down to asking the right question. Instead of "How much pressure?", you should be thinking "How do I apply pressure?" The Unlikely Art of Parental Pressure addresses the biggest parenting dilemma of all time: how to push kids to succeed and find happiness in a challenging world without pushing them too far. The solution lies in Thurber and Weisinger's eight methods for transforming harmful pressure to healthy pressure. Each transformation is enlivened by case studies, grounded in research, and fueled by practical strategies that you can start using right away. By upending conventional wisdom, Thurber and Weisinger provide you with the revolutionary guide you need to nurture motivation, improve your interactions with your child, build deep connections, sidestep cultural pitfalls, and, ultimately, help your kids become their best selves.

Woman-centered Care in Pregnancy and Childbirth Sara Grace Shields 2010 This unique woman-centered text provides a vital resource for primary care maternity clinicians and trainees. It applies the powerful, proven model of patient-centered care to pregnancy and birth - an expansion beyond previous applications to various chronic illnesses.

Journey Of The Adopted Self Betty Jean Lifton 2008-08-04 Betty Jean Lifton, whose Lost and Found has become a bible to adoptees and to those who would understand the adoption experience, explores further the inner world of the adopted person. She breaks new ground as she traces the adopted child's lifelong struggle to form an authentic sense of self. And she shows how both the symbolic and the literal search for roots becomes a crucial part of the journey toward wholeness.

Strangers to Relatives Sergei Kan 2001-01-01 Strangers to Relatives is an intimate and illuminating look at a typical but misunderstood part of anthropological fieldwork in North America: the adoption and naming of anthropologists by Native families and communities. Adoption and naming have long been a common way for Native peoples in Canada and the United States to deal with strangers who are not enemies. For over a century, adoption and naming have also served as an important means for many Native American and First Nation communities to become connected to the anthropologists visiting and writing about them. In this outstanding volume, leading anthropologists in the United States and Canada discuss this issue by focusing on the cases of such prominent earlier scholars as Lewis Henry Morgan and Franz Boas. They also share personal experiences of adoption and naming and offer a range of stimulating perspectives on the significance of these practices in the past and today. The contributors explore the impact of adoption and naming upon the relationship between scholar and Native community, considering in particular two key issues: How does adoption affect the fieldwork and subsequent interpretations by anthropologists, and in turn, how are Native individuals and communities themselves affected by adopting an outside scholar whose aim is to learn and write about them? Strangers to Relatives not only sheds valuable light on how anthropology fieldwork is conducted but also makes a seminal contribution to our understanding of the ongoing, often troubled relationship between the academy and Native communities.

Sex and Friendship in Baboons Barbara B. Smuts 1985 Those who have been privileged to watch baboons long enough to know them as individuals and who have learned to interpret some of their more subtle interactions will attest that the rapid flow of baboon behavior can at times be overwhelming. In fact, some of the most sophisticated and influential observation methods for sampling vertebrate social behavior grew out of baboon studies, invented by scientists who were trying to cope with the intricacies of baboon behavior. Barbara Smuts' eloquent study of baboons reveals a new depth to their behavior and extends the theories needed to account for it. While adhering to the most scrupulous methodological strictures, the author maintains an open research strategy--respecting her subjects by approaching them

with the open mind of an ethnographer and immersing herself in the complexities of baboon social life before formulating her research design, allowing her to detect and document a new level of subtlety in their behavior. At the Gilgil site, described in this book, she could stroll and sit within a few feet of her subjects. By maintaining such proximity she was able to watch and listen to intimate exchanges within the troop; she was able, in other words, to shift the baboons well along the continuum from "subject" to "informant." By doing so she has illuminated new networks of special relationships in baboons. This empirical contribution accompanies theoretical insights that not only help to explain many of the inconsistencies of previous studies but also provide the foundation for a whole new dimension in the study of primate behavior: analysis of the dynamics of long-term, intimate relationships and their evolutionary significance. At every stage of research human observers have underestimated the baboon. These intelligent, curious, emotional, and long-lived creatures are capable of employing stratagems and forming relationships that are not easily detected by traditional research methods. In the process of unraveling their complex social relationships, Smuts has revealed that these masters of strategy and aggressive competition are equally capable of patience, tenderness, and concern. "Barbara B. Smuts" is professor of psychology and anthropology, University of Michigan, Ann Arbor. She is also the author of *Primate Societies*.

*Friends' Review* Enoch Lewis 1848 A religious, literary and miscellaneous journal.

*So You Want to Adopt...Now What?* Sara Dormon 2006-08-07 One in seven couples struggle with infertility. Other parents long to add another child to their family who needs a home. Whatever the reason, many couples who decide to pursue adoption do not realize the often unnerving, stressful, emotional ride it can be.

Deciding to adopt means moving into uncharted territory. There are many emotional highs and lows, as well as psychological, mental and spiritual ramifications. The authors prepare prospective adoptive parents for the adoption process, from helping them examine their motives for adopting to making practical decisions about the type of adoption to pursue. They also explore the adoption process from the viewpoints of the prospective adoptive parents, the birth parents, the adoptee, attorneys and adoption agencies. This book is an indispensable resource for anyone considering adoption.

*The Friend* 1828

*Research Handbook on Analytical Sociology* Manzo, Gianluca 2021-12-14 Providing an up-to-date portrait of the concepts and methods of analytical sociology, this pivotal *Research Handbook* traces the historical evolution of the field, utilising key research examples to illustrate its core principles. It investigates how analytical sociology engages with other approaches such as analytical philosophy, structural individualism, social stratification research, complexity science, pragmatism, and critical realism, exploring the foundations of the topic as well as its major explanatory mechanisms and methods.

*The Twelve Dogs of Christmas* Lizzie Shane 2020-09-29 A delightful holiday romance about a small-town single dad and an animal rescue owner as they try to find forever homes for a dozen lovable pups before Christmas. Pine Hollow has everything Ally Gilmore could wish for in a holiday break: gently falling snow in a charming small town and time with her family. Then she learns some Grinch has pulled the funding for her family's rescue shelter, and now she has only four weeks to find new homes for a dozen dogs! But when she confronts her Scroogey councilman nemesis, Ally finds he's far more reasonable -- and handsome -- than she ever expected. As the guardian of his dog-obsessed ten-year-old niece, Ben West doesn't have time to build a cuddly reputation. But he does feel guilty about the shelter closing. So he proposes a truce with Ally, agreeing to help her adopt out the pups. As the two spend more time together, the town's gossip is spreading faster than Santa's sleigh on Christmas Eve. And soon Ben is hoping he can convince Ally that Pine Hollow is her home for the holidays. . . and the whole year through.

*The Parliamentary Debates* Great Britain. Parliament 1873

*Lincoln's Forgotten Ally* Elizabeth D. Leonard 2011-10-10 Joseph Holt, the stern, brilliant, and deeply committed Unionist from Kentucky, spent the first several months of the American Civil War successfully laboring to maintain Kentucky's loyalty to the Union and then went on to serve as President Lincoln's judge advocate general. In *Lincoln's Forgotten Ally*, Elizabeth Leonard offers the first full-scale biography of Holt, who has long been overlooked and misunderstood by historians and students of the war. In his capacity as the administration's chief arbiter and enforcer of military law, Holt strove tenaciously, often against strong resistance, to implement Lincoln's wartime policies, including emancipation. After Lincoln's assassination, Holt accepted responsibility for pursuing and bringing to justice everyone involved in John Wilkes Booth's conspiracy. It was because of this role, in which he is often portrayed as a brutal prosecutor, and because of his hard position toward the South, Leonard contends, that Holt's reputation suffered. Leonard argues, however, that Holt should not be defined by what Southern sympathizers and proponents of the Lost Cause came to think of him. *Lincoln's Forgotten Ally* seeks to restore Holt, who dedicated both his energy and his influence to ensuring that the Federal victory would bring about lasting positive change for the nation, to his rightful place in American memory.
